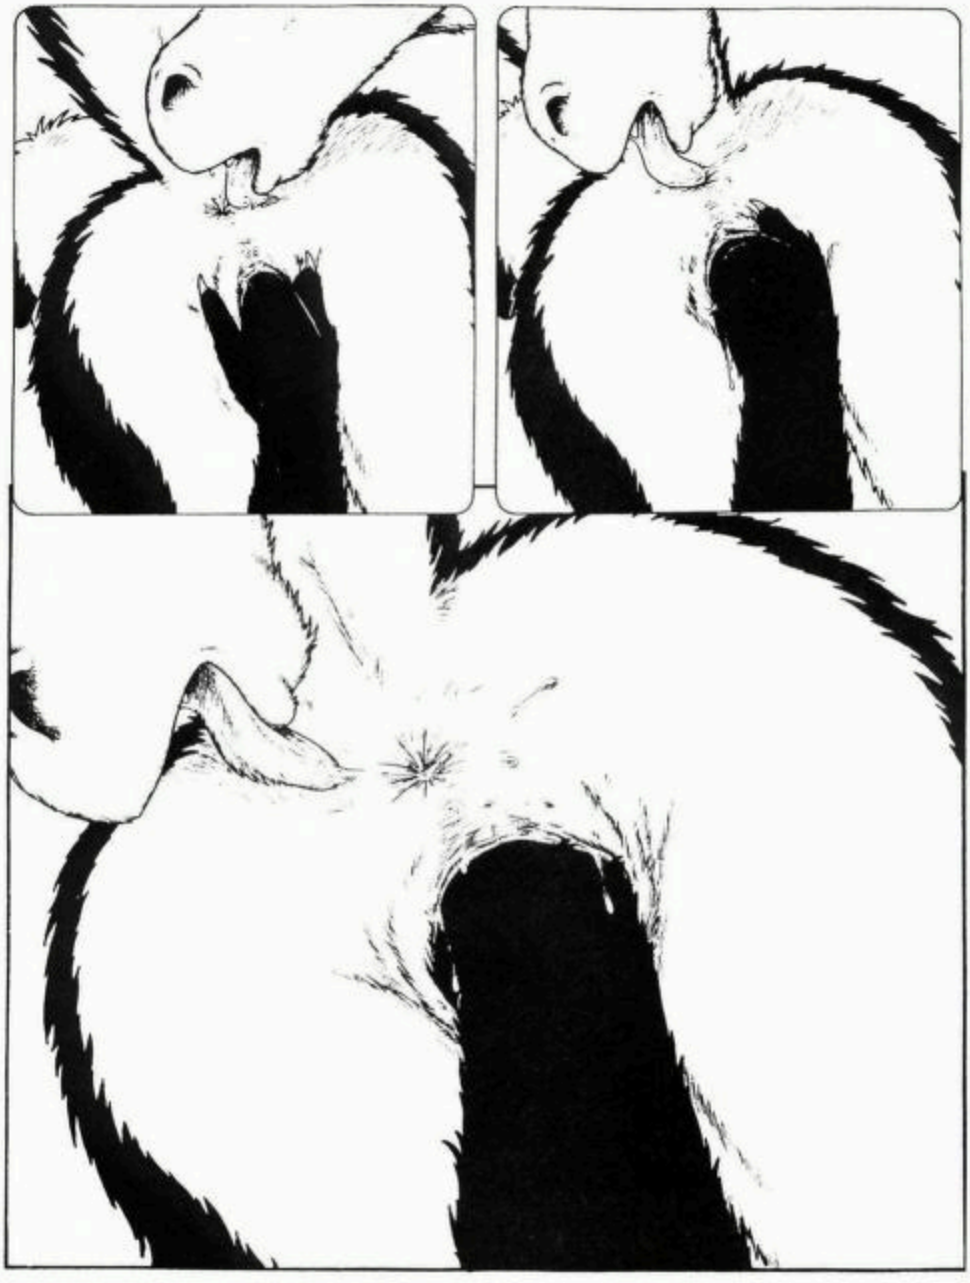
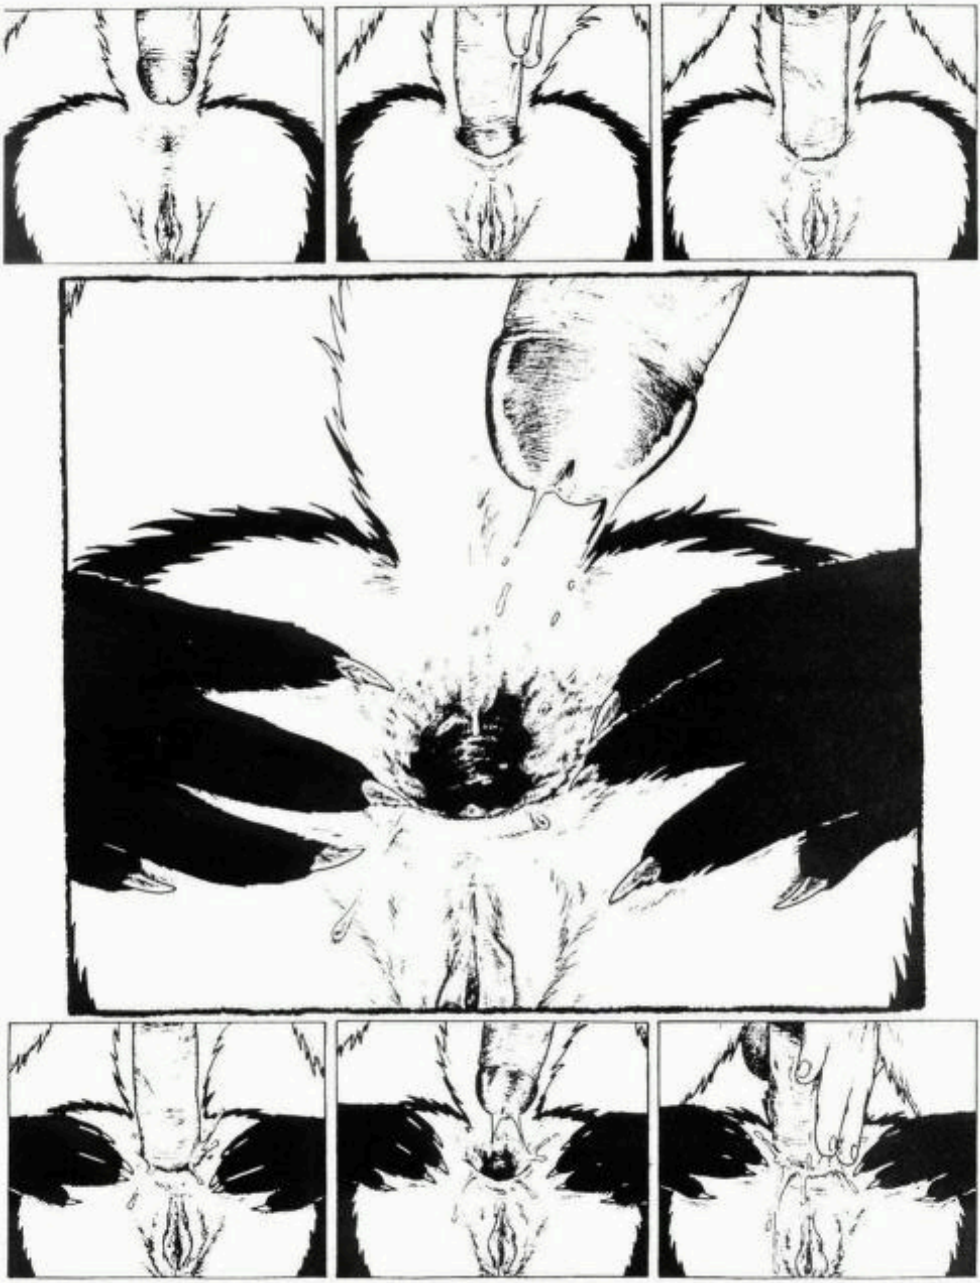
STORY, ART ©1999 BY JAMES M. HARDIMAN
I met up with my friend Todd after work one day, and he said he had two friends who wanted to meet me. Then he said his friends were a couple of jackasses, and I told him I'd form my own opinion after I met them.
I didn't realize he meant "jackass" as in "mule."

One thing about those two- they were fuckin' big!

I got no problem with that, though, 'cuz I believe bigger <u>is</u> better.

So I figured I'd start off by giving Brian a little mouth work.

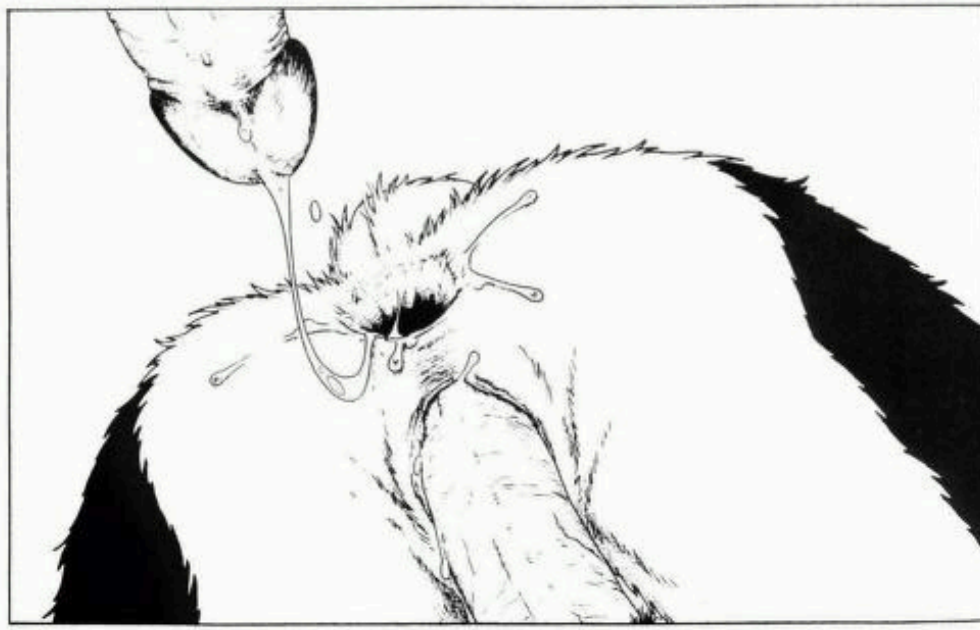




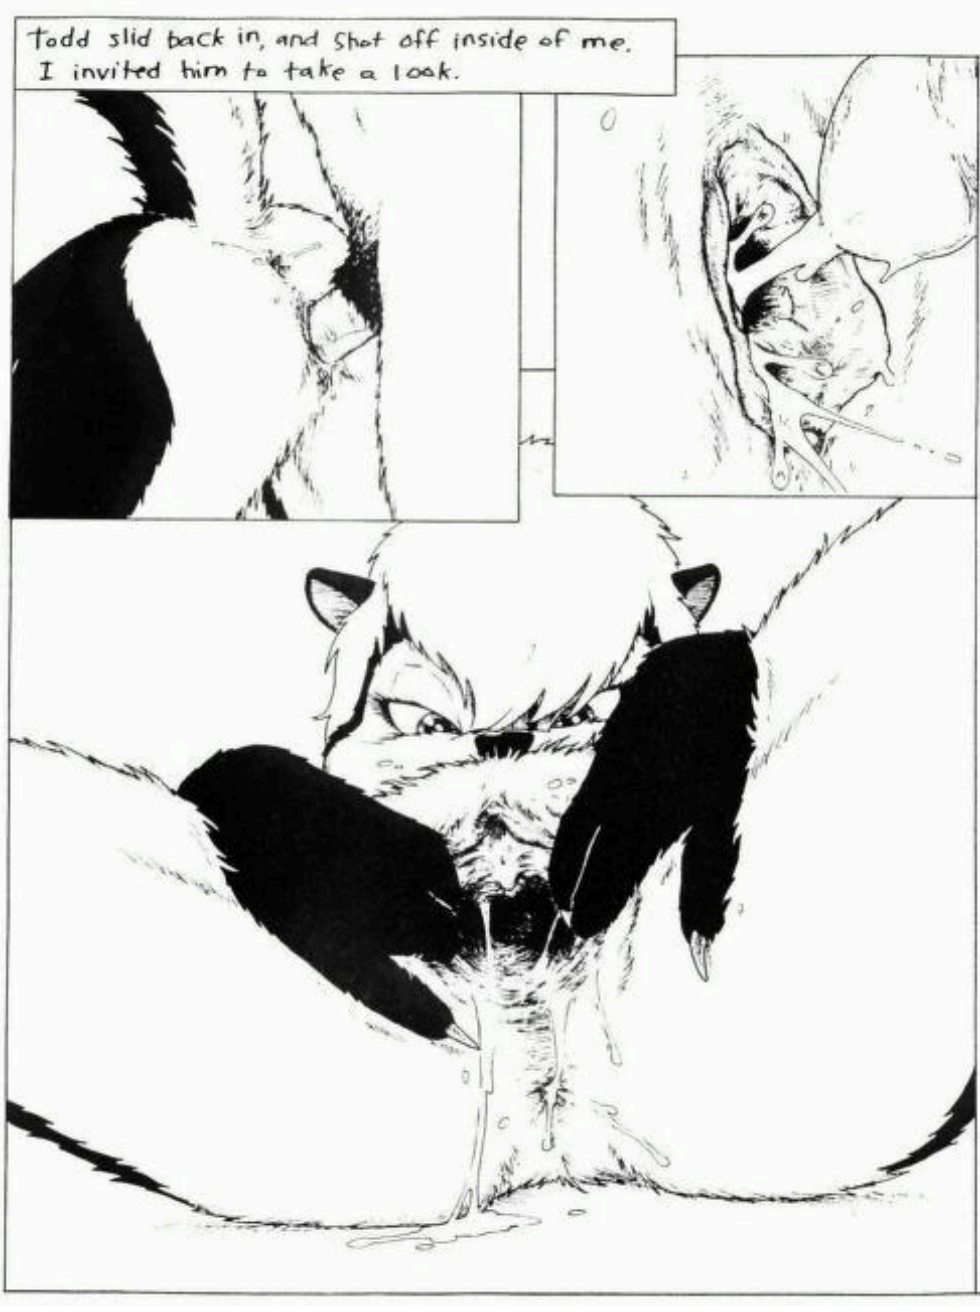
Then Todd decides to join in. I hoped Brian wasn't gonna join in too, 'cuz even I have my limits.

Another great thing about male equines- when they cum, they CUM!! I practically choked when Brian blew his load down my throat.

Next thing I know, Keith empties both barrels up my tailpipe, which kinda ticked me off, 'cuz I was hoping to taste it, y'know. But there was still a chance...



...provided I was fast enough.



Todd slid back in, and shot off inside of me.
I invited him to take a look.

I figured I'd give 'em a few minutes to get ready for round two. I had a long way to go before I'd get my fill. I wonder if Todd knew what he got himself into...
